Hello Tom,
Thank you for scheduling time during the Jan 4th Chairs Network meeting. I will let you know who from our office will attend. During the 15 minutes, we plan to briefly inform the Chairs of Portland Harbor status, public comment period in Spring 2016, upcoming community outreach events, and that EPA will be contacting individual NA to request time during meetings to speak with neighbors (community members).

Thanks again for your assistance,
Alanna

Sorry. I just now listened to your voice mail message. I'm tentatively able to schedule you for the January 4th North Portland Chairs Network here at the Historic Kenton Firehouse at 6:30. The agenda will be final toward the end of next week after I get approval from the chairs. I can let you know for sure by December 31. This meeting is designed to be a very short caucusing meeting, so your presentation will need to be 15 minutes or less. I'll be back in touch next week.

Hello Tom,

Thank you for the discussion this morning. In the Spring of 2016, EPA anticipates releasing the Portland Harbor Proposed Plan for public review and comment. Over the next 4 months we are ramping up our ongoing engagement process to provide more information sessions to enhance engagement well in advanced of the Plan release.

Your assistance in paring me with neighborhood association contacts and networks serving communities of color is of great value. I would like to begin coordinating with the contacts as soon as possible to schedule information sessions January – February.

I will add your name to the EPA mail list to receive public information session and meeting notices. Additionally, when the Proposed Plan is released, you will receive an email notice with the link.

As the dates are confirmed, I'll forward events for advertising through your networks. Thanks again Tom, talk with you soon.

Upcoming information sessions. PLEASE POST TO YOUR NETWORKS
